JavaScript | JQuery | HTML/CSS | Ruby on Rails | MERN Stack | Git/Github |
Python | Three.js | WebGL | Adobe Creative Cloud

Experience

General Assembly

March 2018 - June 2018, San Francisco, CA

Completed a 13-week full-time immersive Web Development course learning the foundations of computer science and best practices for full-stack web developers.

Soundtube (group project)

An app for fans of music videos and tutorials. A curated collection of music videos and tutorials. Users can add their own comments and likes on each video as well as recommendations. Developed with MERN stack, Materialize, and Underscore.js

On The Wall (group project)

An app for Curators. Users can choose up to three female artists to be included in a "dream exhibition" and choose from a selected list of locations. Users can provide their own exhibition title and statement. Created with MEN stack and Bootstrap.

Hotwire Productions/Artist Assistant (Independent Contractor)

August 2017 - February 2018, San Francisco, CA

- Managed physical/digital archives of over hundreds of works dating back to the 1970's as they were shipped in and out for exhibitions all around the world.
- Collaborated with programmers in the creation, maintenance and installation of works at such locations as the FAMSF and the Institute of Contemporary Art, Boston.
- Played a key role in the planning of future projects via research, video production, and communications with individuals and organizations.

Freelance/Artist Consultant (Independent Contractor)

June 2013 - May 2017, San Francisco, CA

- Critiqued and provided constructive feedback on artwork and how to best translate their message/personality onto the platform of an artist website.
- Devised marketing strategies for artists to use on their social media platforms and how to connect these back to their website and their practice.

Education

San Francisco Art Institute / MFA + MA

August 2014 - May 2017, San Francisco, CA

New York University / BA

August 2009 - May 2013, New York, N
